

## **Freeport Indonesia Buka 53 Lowongan Kerja nih, Buruan Apply!**

Jakarta, CNBC Indonesia - PT Freeport Indonesia, perusahaan pengelola tambang tembaga di Tembagapura, Papua, kini membuka 53 lowongan kerja, baik di area tambang di Tembagapura, Timika, Papua, maupun ibu kota Jakarta. Mengutip situs resmi perusahaan, lowongan kerja yang dibuka beragam, mulai dari posisi teknisi mesin, pertambangan, metalurgi, teknologi informasi (IT), hingga bagian akuntansi, finansial, hukum dan hubungan kelembagaan. Lowongan kerja dibuka untuk ditempatkan di sejumlah daerah, antara lain di area tambang di Tembagapura, lalu di Kota Timika, area operasional smelter di Gresik, Jawa Timur, dan ada juga di Jakarta. Seperti diketahui, PT Freeport Indonesia kini tengah membangun proyek fasilitas pengolahan dan pemurnian (smelter) tembaga single line terbesar di dunia. Proyek smelter tembaga senilai US\$ 3 miliar atau sekitar Rp 45 triliun ini berlokasi di kawasan industri JIPE Gresik, Jawa Timur. Smelter ini didesain untuk mengolah 1,7 juta ton konsentrat tembaga per tahun dan memproduksi sekitar 600 ribu ton katoda tembaga per tahunnya. Presiden Direktur PTFI Tony Wenas sempat menyebut, progres pembangunan smelter tembaga Freeport hingga Januari 2023 sudah mencapai 54,5% atau lebih cepat dari target sebesar 52,9% yang telah pemerintah setuju. Sesuai rencana, PTFI akan menyelesaikan konstruksi smelter tembaga ini pada akhir Desember 2023, lalu dilanjutkan dengan uji coba ( commissioning ) dan memulai kegiatan operasionalnya pada akhir Mei 2024 secara bertahap hingga mencapai operasi penuh pada akhir Desember 2024.
